Before the Seller notifies AAI of the actual price, AAI shall make timely payment for each Batch in accordance with the payment schedule set forth in the Agreement.

In the event that AAI fails to fully settle the respective percentage of the Total Purchase Price before the prescribed deadlines and fails to make a written request to the Seller no less than five (5) business days prior to the prescribed deadline and obtain the Seller’s written consent, the Seller shall be entitled to request AAI to pay a reasonable liquidated damage (not a penalty) of 20% of the purchase price of such Batch within sixty (60) days. Down payment and payment of Total Purchase Price are not refundable, save as otherwise mutually agreed by the Parties.

3. Prices and Terms of Payment

- 3.1 The Total Purchase Price (inclusive of any tax payable) shall be paid in accordance with the payment schedule set forth in Appendix B of this Agreement.
- 3.2 In the event that the Purchaser fails to fully settle the respective percentage of the Total Purchase Price before the prescribed deadlines and fails to make a written request to Bitmain no less than five (5) business days prior to the prescribed deadline and obtain Bitmain's written consent, Bitmain shall be entitled to request the Purchaser to pay a reasonable liquidated damage (not a penalty) of 20% of the purchase price of such batch of Products within sixty (60) days. In the event that the Purchaser fails to pay the aforementioned liquidated damage after the expiration of the time limit, Bitmain shall be entitled to terminate this Agreement. If there are any remaining balance of the Purchaser after deducting the liquidated damage, such remaining balance shall be refunded to the Purchaser free of any interest. If the Purchaser requests to continue to make payment after previous delay, while Bitmain has not terminated this Agreement, Bitmain shall be entitled to reject the payment temporarily and request the Purchaser to pay the aforementioned liquidated damage. Afterwards, the Parties shall negotiate the settlement separately. If the Purchaser fails to pay the down payment on a timely basis and Bitmain has arranged production or procurement, Bitmain shall be entitled to request the Purchaser to be responsible for the loss related to such production or procurement and the liability of the Purchaser shall be no less than 20% of the Total Purchase Price.
- 3.3 The Total Purchase Price set forth in this Agreement is merely an estimate of the price and not the actual price. The actual price will be determined one month before the current batch is shipped and with reference to the market circumstances, provided that the actual price shall not be higher than the estimated price.
- 3.4 Upon receipt of notification of the actual price provided by Bitmain, the Purchaser shall be entitled to three options:
- (i) continue to perform the Order of the current batch of the Product(s) with the original rated hashrate and pay the remaining amount at the actual price; or
 - (ii) request Bitmain to increase the rated hashrate in equivalent to the difference in price. Under this circumstance, Bitmain shall have the right to negotiate with the Purchaser for the amount of the additional rated hashrate based on its then inventory; or

- (iii) partially or wholly cancel the Order of the current batch of Product(s), provided that the Purchaser has received the notification of the actual price. Before Bitmain notifies the actual price, the Purchaser shall make the payment timely as specified in 3.1.

Under this circumstance, the Purchaser shall not claim any refund from Bitmain. If the Purchaser has made payments and there is remaining balance, such remaining balance may be credited to the balance of the Purchaser and its affiliates with Bitmain's approval. The payments for the batches that the Purchaser has cancelled cannot be used as down payments for any batch listed in this Agreement. However, the remaining balance shall be refunded to the Purchaser free of any interest two years after the Order is cancelled.

Furthermore, the Purchaser shall confirm in writing the result of its exercise of the options under this Clause within two (2) days after Bitmain provides the Purchaser with the actual price, and if it is overdue and no agreement is reached between the Parties, the Purchaser shall be deemed to have voluntarily and irrevocably waived its option under this Clause and the Parties shall continue to perform the Order of the current batch of Product(s) with the original rated hashrate and the Purchaser shall pay the remaining amount at the actual price. If the Purchaser has exercised its options, the payment of the current batch of Product(s) shall not be changed again.

- 3.5 The Parties shall confirm the corresponding batch of the Product(s) of each payment before such payment is made by the Purchaser. This confirmation shall be used to determine matters where different arrangements are applicable to different batches, such as the defaults of the Purchaser and the product discount offered to the Purchaser.
- 3.6 Before the delivery date, Bitmain shall be entitled to request the Purchaser to sign a Sales and Purchase Agreement by sending a written notice to the Purchaser, and the Purchaser shall cooperate to sign such Sales and Purchase Agreement and pay the price of the remaining batch(s) of Products to Bitmain as specified in this Agreement. If the Purchaser refuses to sign a Sales and Purchase Agreement as required by Bitmain, Bitmain shall be entitled to request the Purchaser to perform his rights and obligations refer in this Agreement.
- 3.7 The Parties understand and agree that the applicable prices of the Product(s) are inclusive of applicable bank transaction fee, but are exclusive of any and all applicable import duties, taxes and governmental charges. The Purchaser shall pay or reimburse Bitmain for all taxes levied on or assessed against the amounts payable hereunder. If any payment is subject to withholding, the Purchaser shall pay such additional amounts as necessary, to ensure that Bitmain receives the full amount it would have received had payment not been subject to such withholding.

4. Product Discount

Based on the sales results and sales strategy, Bitmain is willing to offer the following discount as set forth in clause:

If delivery is delayed, delayed months shall not be counted in and the agreed delivery date shall prevail. For clarification, the payment date shall be the date as evidenced in the remittance copy of such payment, and the discount term shall be calculated when the respective amounts under this Agreement have been received by Bitmain in full and without further consideration of the remaining amount. Payment schedules may be further adjusted in accordance with the actual situations.

Ault Global Holdings Announces Entry into Purchase Agreement to Acquire an additional 3,000 S19j Pro Antminers With a Deployment Timeline Beginning in October 2021

Company Authorizes Establishment of Crypto DeFi Focused Subsidiary, BitNile, to Drive Expansion and Progress in Bitcoin Mining and Data Center Operations

Las Vegas, NV, September 15, 2021 – Ault Global Holdings, Inc. (NYSE American: DPW) a diversified holding company (the “**Company**”), announced today that its wholly owned subsidiary, Ault Alliance, Inc. (“**Ault Alliance**”), has entered into a purchase agreement with Bitmain Technologies Limited (“**Bitmain**”) for the purchase of 3,000 S19j Pro model Antminers (the “**Antminers**”) for a total purchase price of \$21 million and additional transaction costs of approximately \$2 million in addition to the 1,000 Antminers the Company took delivery of earlier this week. The new Antminers will be deployed at the Company’s Michigan data center (the “**Data Center**”). The deployment of the 3,000 Antminers is scheduled to occur monthly, generally coinciding with the delivery schedule of 300 units per month, between October 2021 and July 2022.

Alliance Cloud Services, LLC, a majority owned subsidiary of Ault Alliance, acquired the Data Center, a 617,000 square foot energy-efficient facility located on a 34.5-acre site, in January 2021. During June 2021, the Company announced its intent to expand the infrastructure of its Data Center and increase the power capacity to 28MWs. With the execution of this purchase agreement with Bitmain and the delivery of the 1,000 Antminers, the Company is well-positioned to increase the scale and scope of its cryptocurrency and data center operations and is now moving forward with the necessary upgrades to achieve maximum capacity at the Data Center. The upgrades are projected to take approximately 18 months and are expected to result in 300MWs of critical power under an energy abatement agreement with fixed pricing at relatively low energy rates for the next five years.

Based on the current market conditions related to bitcoin mining and assuming the installation of all 4,000 Antminers which is expected to be completed in July 2022, the Company anticipates the gross revenue from its cryptocurrency mining operations to reach an annual run rate of between \$45 and \$50 million. In August 2021, the Company formed a new wholly owned subsidiary, BitNile, Inc. (“**BitNile**”), which will hold the Company’s investment in the Data Center and Antminers. While the Company believes that the future operations of the Data Center and its cryptocurrency mining operations will be successful, the Company cannot assure you that its expectations will materialize in a timely manner, if at all.

Milton “Todd” Ault, III, the Company’s Executive Chairman, stated, “I’m thrilled with the progress achieved so far and am confident, particularly having purchased an additional 3,000 Antminers, that BitNile’s operations will contribute meaningfully to the Company’s growth in both revenues and profitability.” Ault continued, “We believe BitNile’s long-term success and ability to scale will be partially dependent on access to the private or public equity markets to fund additional investments in Antminers and the Data Center expansion.”
